FOR IMMEDIATE RELEASE

STATE ROUTE 330 SLOPE WORK CONTINUES

San Bernardino- Caltrans continues the state-funded emergency work contract to install steel mesh netting on the mountainside adjacent to SR 330 between Highland Avenue to Live Oak just south of Running Springs.

The contractor began drilling the slope and setting anchors today. Caltrans anticipates this process to be finished Friday, March 10. The mesh netting is scheduled to arrive March 17 and assembly of the netting will begin at that time. Assembly and installation would take another week.

The following provides travel information for SR330. This is contingent based on weather and availability of materials.

DATES	HOURS
March 7 to March 10	Open 6 PM to 7AM
March 11 to March 17	Open 24 hours
March 17 to completion	Open 6 PM to 7AM

Be advised the route will close in the event of inclement weather. It will remain closed until it is determined it can be safely opened. Please look to our website for changes to this schedule: www.dot.ca.gov/dist8. Click on Press Releases.

Caltrans thanks you for your patience and reminds you to SLOW FOR THE CONE ZONE.
